

Why think of square feet when you can have square miles?

When you buy a Duplex Home in GreenTech City, you get much more than four walls and a roof.

You get a soothing view of your own private waterway and a neatly laid out campus of manicured lawns and gardens. You also get the pleasure of strolling down to The Vedic Village International Spa Resort with its multi-cuisine and specialty restaurants, the NABH accredited Medical Spa, numerous leisure facilities and of course the up-coming 18-hole championship golf course. The children will particularly enjoy the Entertainment Zone with its Trampoline Arena, Zorbing, Bowling Alley, Virtual Realty Games, Paint Ball Arena and a variety of other games including Tennis, Badminton, Cricket and much more. Moreover, the upcoming 70,000 sqft. Convention Centre guarantees an increased demand on places to stay; allowing you the opportunity to offer your home for use in the Rooming Pool and earn excellent revenue. Our staff will take care of all the maintenance.

All this and more makes *now* the ideal time to invest before prices escalate.

You have a choice of 3 & 4 bedroom Duplex Homes with a roof garden and a private deck bordering the waterway.
